It means my efforts at work really are appreciated and recognized. It has been very pleasant for me working for Waldo Casino and as a team with my supervisors and colleagues. We share our experiences at work and often have a good laugh during our breaks."

Hong Ngam, Dealer at Waldo Casino, was also excited about receiving the honour. She said, "The most satisfying experience I had was being commended by customers for taking the initiative in serving them. I also try to lend a hand in other departments if required, as I believe that I can prove my worth by doing my job to the best of my ability."

Mr. David Banks, Group Chief Operating Officer of Galaxy Entertainment Group, said, "Through fair appraisal of employee performance, we are able to recognise the work contribution of individual staff members, assess work-related feedback and help them improve their work standards. Since the 'Employees of Month' programme was launched, we have seen continuous improvement in staff performance. It is our hope that our employees will understand that their hard work really is valued by the Group and will be recognised through this key programme."

Following the 'Employees of the Month' announcement, the Group will name the 'Employee of the Year 2007' very soon. The winner will be selected by a judging panel drawn from among 'Employee of the Month' over the past year.
