June 3, 2026 – Galaxy Entertainment Group (“GEG”) received two awards at the Global Gaming Awards Asia-Pacific 2026 ceremony held yesterday in Manila, Philippines, including the “Integrated Resort of the Year” for its flagship property, Galaxy Macau™ integrated resort, for the second consecutive year, and the “Casino Operator of the Year” for the third consecutive year. These awards represent the international recognition of GEG’s outstanding performance in promoting the high-quality development of the integrated tourism and leisure industry.

Upholding its “World Class, Asian Heart” service philosophy, GEG continues to drive innovation across Macau’s integrated tourism and leisure industry, enriching the city’s connotation as a “World Center of Tourism and Leisure”. GEG’s flagship property, Galaxy Macau integrated resort, is internationally renowned for its one-stop, diversified world-class leisure experience, earning a record-breaking 12 Forbes Travel Guide Five-Star Awards between 2025 and 2026, making it the integrated resort with the most such accolades worldwide. Galaxy Macau brings together nine premier international hotel brands, including Capella at Galaxy Macau, which officially opened this year. Moreover, Galaxy Macau features an array of top-tier leisure offerings, including the Grand Resort Deck — the world’s leading skytop water oasis, award-winning five-star spas, the Galaxy Promenade with over 200 international brands, and more than 120 dining options, many of which are recommended by the Michelin Guide and the Black Pearl Restaurant Guide. In addition, through its world-class facilities, including the Galaxy International Convention Center and the Galaxy Arena, GEG has introduced and hosted over 1,200 large-scale sports, entertainment, MICE and cultural events since 2023, while securing landmark partnerships with global brands such as UFC. These support the diversified development of “tourism +” and contribute to Macau’s development as a “City of Performing Arts” and a “City of Sports”.

The Global Gaming Awards Asia-Pacific is organized by the internationally recognized industry media Global Gaming Insider and judged by a professional panel of nearly 30 senior executives from across the Asia-Pacific region. The awards aim to recognize enterprises and individuals who have made outstanding contributions to the sustainable development of the industry.
