Mr. Francis Lui Named Asia's Most Influential Industry Leader for the 10th Time; Advancing Innovation and Industry Development

November 6, 2026 – Mr. Francis Lui, Chairman of Galaxy Entertainment Group ("GEG"), has been named the most influential industry leader in the "2026 Asian Gaming Power 50" for the 10th time. This achievement underscores the leadership and strategic vision he has demonstrated in guiding the continued expansion of GEG's world-class integrated resort footprint, as well as advancing innovation and high-quality industry development. In addition, Mr. Kevin Kelley, Chief Operating Officer – Macau of GEG, has also been named among the Asian Gaming Power 50 list this year.

The "2026 Asian Gaming Power 50" Gala Dinner was held this evening at the JW Marriott Grand Ballroom at Galaxy Resort. Mr. Francis Lui was invited by the organizer to deliver welcome remarks at the event, which attracted more than 300 industry representatives and guests from across the region. During his speech, Mr. Lui thanked the organizer for its longstanding role as an industry platform, fostering dialogue, collaboration and exchanges through initiatives such as the IAG Power 50. After receiving the award, Mr. Lui said, "I am deeply honored to be named Asia's most influential industry leader in the IAG Power 50 for the 10th time. This recognition belongs to the entire GEG team, whose dedication and pursuit of excellence over the years have made this achievement possible. I would also like to thank our partners, stakeholders and the wider community for their continued support and trust. As the industry continues to evolve, the integrated tourism and leisure sector has grown far beyond a single industry. Today, it serves as an important force in driving the coordinated development of multiple sectors while creating broad economic and social value. Looking ahead, I believe the industry must embrace opportunities with a broader perspective. By working together, continuing to innovate, and investing in high-quality non-gaming offerings and experiences, we can unlock even greater potential and drive the sustainable development of our industry."

Under Mr. Lui's strategic leadership over the years, GEG has not only established one of Asia's leading integrated resorts, but has also earned broad recognition from the international industry for its achievements. At this year's "2026 IAG Academy IR Awards", GEG received four awards, once again becoming the most awarded integrated resort operator in Macau, with Galaxy Resort being named the "Best Integrated Resort" for the fourth consecutive year. In addition, Galaxy Resort achieved a record 12 Forbes Travel Guide Five-Star Awards in 2026 and was awarded a total of five MICHELIN Stars in the MICHELIN Guide Hong Kong Macau 2026. Meanwhile, since opening in 2023, the Galaxy International Convention Center and Galaxy Arena, together with GEG's other venues, have hosted more than 1,400 large-scale entertainment, sports, cultural, arts and MICE events. These efforts have helped

diversify Macau's visitor source markets, foster cross-sector collaboration, and supporting the city's events economy and its appropriate economic diversification.
